MEMORANDUM FOR: DDCI

FROM: George Bush  
Director

1. The Secretary of Transportation, Bill Coleman, requested a briefing on China. I send this memo to you because it occurred to me that this might be a good opportunity for you to meet him. If you don't want to do this personally, will you please ask Jim Lilley to call him immediately, saying that he was calling at my request to set up a meeting to brief the Secretary on China. I suggest he ask the Secretary and not the Secretary's secretary, lest she not know of Coleman's request to me.

2. I would like to be in touch with Coleman today. It is not important when the briefing takes place; it is important that we get back to him immediately.
